The Tiger I listen (help · info) is a German heavy tank of World War II that was employed from 1942 in Africa and Europe, usually in independent heavy tank battalions.Its final designation was Panzerkampfwagen VI Tiger Ausf.E often shortened to Tiger.The Tiger I gave the German Army its first armoured fighting vehicle that mounted the 8.8 cm KwK 36 gun (derived from the 8.8 cm Flak 36). 1,347 ...

Tiger I - Wikipedia
"The King Tiger is a tank designed essentially for defensive warfare or for breaking through strong lines of defense. It is unsuitable for rapid maneuver and highly mobile warfare because of its great weight and low speed. To accommodate the gun, the turret has been made unusually long in proportion to the total length of the tank.

Tanks of WWII: Tiger I - Heavy Tank - Panzerkampfwagen VI
The Panzerkampfwagen VI Tiger was probably the most famous German tank of the war. A reputation that well exceeded its actual numbers. Panzerkampfwagen VI Tiger Note what appears to be impacts on the glacias plate and the high explosive scar on the other side, which cracked the heavy armor there.

Tiger Tank Panzerkampfwagen Vi Tiger
There is no other tank in AFV history which has captured the popular imagination more than the Panzerkampfwagen VI Tiger Sd.Kfz.181 of WW2. Nothing epitomises armored conflict to the general public like its massive structure on the battlefield. It is the one tank most people can name, even if they have little or no real interest in tanks.
