Prof. Steven Pincus: "1688: The First Modern Revolution"

"We all know that the year 1688 is a milestone in England's history; now, thanks to Steve Pincus, the book 1688 will be a milestone in its historiography. Pincus transforms what once seemed a peaceful compromise among agreeable aristocrats into a fractious and all-encompassing revolution."

1688: The First Modern Revolution by Steven C.A. Pincus

England's Revolution of 1688-89 was the first modern revolution. It was a revolution that took place over a number of years rather than a number of months. It had both long-term causes...

1688: The First Modern Revolution (The Lewis Walpole ...

In 1688 Steve Pincus makes the case that the "Glorious Revolution" was the first modern revolution. It pitted Tories against Whigs, land against labor, internal markets against expanding trade. Of course it also pitted the Catholic king James II against Protestant William of Orange.

1688: The First Modern Revolution on JSTOR

According to Pincus, England's revolution of 1688-89 established the fundamental pattern followed by all uprisings since, from France in 1789 to Cuba in 1959. Pincus suggests that modern revolutions do not represent the clash of the progressive with the traditional, nor even a new kind of revolution.

Project MUSE - 1688: The First Modern Revolution (review)

Because the Revolution had been a face-off between the professional armies of James II and William III, civil war had not recurred; but the English desired to be assured either that no dissolution of government and reversion of power to the people had happened, or that if it had, it would be followed by a similar occurrence. One hundred years later, Richard Price painted 1688 in England and 1789 in France as peaceable popular triumphs.

Steve Pincus. 1688: The First Modern Revolution. (The ...

Based on new archival information, this book upends two hundred years of scholarship on England's Glorious Revolution to claim that it—not the French Revolution—was the first truly modern revolution For two hundred years historians have viewed England's Glorious Revolution as a bloodless, consensual, aristocratic, and above all, sensible. In this brilliant new interpretation Steve Pincus refutes this traditional view.

1688 | Yale University Press

According to Pincus, the revolution of 1688-9 was a clash between two contrasting modernisation programmes, one developed by the Catholic James II and heavily modelled on Louis XIV's France; the other promoted by members of the Whig party and strongly influenced by the ideas of John Locke.

1688: The First Modern Revolution - New Statesman

The revolution of 1688 was the first modern revolution. Like more recent revolutions, it was violent, popular, and divisive. It was not an aristocratic coup or a Dutch invasion, but a popular rejection of James II's French-inspired, Catholic, absolutist modernisation of the state in favour of a more limited monarchy based on the principle of consent, religious toleration, free debate and commerce.

1688: The First Modern Revolution | The English Historical ...

Pincus is hardly the first scholar to call 1688 a revolution, or to connect it with modernity. After the publication of J. R. Western's Monarchy and Revolution (Totowa, N.J.: Rowman and Littlefield, 1972), most historians agreed that the revolutionary aspects of 1688 came about as a result of the failure of the Stuart dynasty to reform itself.
