Performing regular maintenance according to the factory-recommended Maintenance Schedule is the best way to keep your Honda running in optimal condition. Each vehicle has its own maintenance needs, so Honda develops specific maintenance schedules based on model equipment, such as transmission choice or the addition of a towing package.

The exterior accessories of the Honda Civic were also restyled for a more angled shape. In 1983, Honda released the Civic "t", a sportier version of the model with a firmer suspension, sport tires, and a 5-speed manual transmission. In 1984, the Honda Civic was firmly entrenched within the global automotive industry.
