Count MIL flashes and compare with trouble code table. Switch ignition OFF. Remove jump lead. Erasing. After the faults have been rectified, trouble codes can be erased by using a Scan Tool connected to the data link connector (DLC) or as follows:

[2003 Ford Focus Engine Cooling Parts - CARiD.com](#)

A car engine produces a lot of heat when it is running, and must be cooled continuously to avoid engine damage. Generally this is done by circulating coolant liquid usually water mixed with an antifreeze solution through special cooling passages. Some engines are cooled by air flowing over finned cylinder casings.
