Comments: I have Audie A4 Cabriolet 2004,not every time but on a start on a corner its like if the transmission slip and its cheke,i think the filter have never ben change and the oil to,the car as 175,000kl.my mechanic is not a expert on CVT transmission and y those not no if y should go for a transmission rebuild,thanks and Hapy Holliday.

Audi A4 B6 Oil Level Sensor Replacement (2002-2008 ...

I've done allot of long distance driving over the last month or two and noticed something possible odd with my oil temp. It would normally sit around the 90 mark but every now and then it would slowly climb over the 100 degree mark, sit there for a bit and then really quickly drop back down to 90, you can see the needle move.

Audi A4 Temp sensor location? - September 2009 - Forums - CNET

The oil level sensor on the Audi A4 uses the temperature of the oil to determine the level of oil in the tank. These sensors are prone to failure and the whole system can be a source of frustration leaving you staring at the yellow oil light. If your oil level light comes on the first thing you should do is check the fuse for the sensor.
