WR should stand for 'Weapons Ready' as Yamaha's new 4-stroke WR250F is one amazing weapon. As far as 250 4-strokes go no manufacturer has an answer to the WR250, simple as that. Kawasaki's KLX250R, Honda's XR250R and Suzuki's DR250R would not see which way the WR went, they all weigh lots more than the Yamaha and their engines are positively anaemic when compared to the WR250F.
