2011 Ford Diesel Engine Problems

Glow Plug Failure: On the 2011 model year trucks the glow plugs can potentially break off and lead to massive engine damage. The later model year trucks have updated glow plugs and do not suffer this issue. If you have a 2011 model, we recommend replacing the glow plugs with the updated ones if you are not sure if they have been replaced or not.

Ford 6.4 Powerstroke Common Issues, Problems, and Fixes

I have the chitti chitti bang bang noise in my 1999 Ford Ranger, 4x4, 4.0L engine. It sounds more like a diesel engine than a gas powered engine when cold. Almost as if a few valves need adjusted. After the engine warms up, though, it is not so bad. It sounds more

like a sporty gurgle at that point.

Do not buy the Colorado diesel | Chevy Colorado Diesel Forum
