*Draining Engine Oil vs Extracting Engine Oil – Humble Mechanic
The Weber Smokey Mountain Cooker was first introduced for the 1981 model year, so most of the oldest cookers have a C code. A few have a B code, indicating they were manufactured in 1980 in the run-up to the 1981 introduction. There are also a few smokers that have no date code; it's assumed these smokers are the result of manufacturing errors or they may be pre-production models.*

Nash Metropolitan - Wikipedia

hi my 2008 vw passat has finally passed away with 140k on the clock. not a lot of miles for a diesel that was well serviced every year with good oil and filter. It was the oil pump that failed in the end and to replace it was to expensive. I I am sure it failed because of the way garages have started to extract oil from cars.

Archives - Los Angeles Times

The Nash Metropolitan is an American automobile that was assembled in England and marketed from 1953 to 1961.. It conforms to two classes of vehicle: economy car and subcompact car. In today's US terminology the Metropolitan is a "subcompact", but this category was not yet in use when the car was made. At that time, it was variously categorized, for example as a "small automobile" as well ...
