Setting Valve Clearance - General IH - Red Power Magazine ...
The International Harvester Company (IHC) has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp (179 and 194 kW) but these were not highly regarded and relatively few were sold.

Look, listen and feel for binding or difficulty turning. If you start the engine and a valve is not adjusted is done incorrectly you will destroy your engine. Valve adjustment is easier to do with the injectors removed as its easier to tell when the piston is at T.D.C. You can use the bolt on the crank pulley to turn over the engine.
