intuitive approach, featuring informal discussions followed by thematically arranged exercises. This second edition features additional exercises to improve student familiarity with applications. 1990 edition.

Amazon | A Book of Abstract Algebra: Second Edition (Dover ...

I like this book because it has some great pictures, it's easy to just pick up and read and also the questions. Most of the book is questions. I wouldn't recommend this as your only abstract algebra book though. As always with books the first 1 or 2 chapters are mind-numbingly boring and tedious but after that it gets good.
