A Beginner's Guide to SQL: A MySQL Tutorial

This is a simple, straight-forward introduction to using MySQL. This is the text-book my Database Design teacher uses for CSIS-1550, and it's a good, practical, no-nonsense text. The author is good about pointing out the commands, syntax and functions that vary from one SQL implementation to the next, so that it's clear to the novice reader that SQL isn't 100% uniform from one vendor to the next.
