Truth is most often used to mean being in accord with fact or reality, or fidelity to an original or standard. Truth is also sometimes defined in modern contexts as an idea of "truth to self", or authenticity.. Truth is usually held to be opposite to falsehood, which, correspondingly, can also suggest a logical, factual, or ethical meaning. The concept of truth is discussed and debated in ...

Philosophy of Economics (Stanford Encyclopedia of Philosophy)

Irvine reminds us that the core function of Stoicism has always been to help the practitioner achieve the optimal frame of mind to meet any challenge, and he repeatedly drives home this important point. For those new to Stoicism, this could come as potentially life-changing advice.

Philosophy of Technology (Stanford Encyclopedia of Philosophy)

Aristotle addresses some problems that most would recognize as pertaining to economics, mainly as problems concerning how to manage a household. Scholastic philosophers addressed ethical questions concerning economic behavior, and they condemned usury – that is, the taking of interest on money.

Frank P. Ramsey - Wikipedia

In fact, the existence of humanities philosophy of technology and analytic philosophy of technology next to each other reflects a basic ambiguity in the notion of technology that the philosophical work

that has been going on has not succeeded in clarifying.
