For this reason string theory is sometimes described as possibly being the "theory of everything" (T.O.E.) or the "ultimate" or "final" theory. These grandiose descriptive terms are meant to...

Ask Ethan: How Close Are We To A Theory Of Everything?

The phrase "God's thoughts" is a delightfully apt metaphor for the ultimate goal of modern physics, which is to develop a perfect understanding of the laws of nature – what physicists call "a theory of everything," or TOE. Ideally, a TOE would answer all questions, leaving nothing unanswered. Why is the sky blue? Covered.
