The service light on your Acura MDX can pop up for any number of reasons-whether it's an oil change, new brake pads, or new tires, that light will pop up. If you like to do these updates yourself, then you'll also need to know how to reset the service light.

Acura Mdx Check Engine Light  
The check engine light is one of the most common lights to switch on in most vehicles, which is why Acura often refers to it as a malfunction indicator lamp instead. After all, despite the clear engine illustration, it's actually more common that there is something wrong with the emissions system than the engine itself.
