The ampersand can be traced back to the 1st century A.D. and the Old Roman cursive, in which the letters E and T occasionally were written together to form a ligature (Evolution of the ampersand – figure 1). In the later and more flowing New Roman Cursive, ligatures of all kinds were extremely common; figures 2 and 3 from the middle of 4th century are examples of how the et-ligature could ...

Github and Software Collaboration. One thing that I find very useful is integrating the Github Wiki into the main source code project. This tutorial assumes that you are already familiar with Git, the open source distributed version control system, created by Linus Torvalds in 2005. If you need a revision or a lookup on Git, do visit our previous screencast course or even some posts.
