Airbus A320
The Airbus A320 family are narrow-body airliners designed and produced by Airbus.The A320 was launched in March 1984, first flew on 22 February 1987, and was introduced in April 1988 by Air France.The first member of the family was followed by the longer A321 (first delivered in January 1994), the shorter A319 (April 1996), and the even shorter A318 (July 2003).

Airbus A320 - screenshots | FlightFactor aero
The two leading narrowbody aircraft, the Boeing 737 and the Airbus A320, might lack the grace and glamor of planes like the 747 or A380, but they're a staple of the world's flying fleet. For most of us, a trip on an A320 or 737 happens far more often than a widebody flight, so love them or hate them, these are our bread and butter planes.
