From this, we often want "the answer" to the problem or the injury. Unfortunately, there is often no single answer or simple solution. It is not my desire to simplify the anatomy or the yoga itself, that would be an injustice to the complexity and diversity of who we are physically, mentally, emotionally, and spiritually. Usually, when we're looking at a layout of sexual anatomy it's through the lens of reproduction, so it's all about penises and vaginas, testes and uterus. But from a standpoint of pleasure and sexual response, sexual anatomy is about far more than genitals and is far less about reproductive organs. Ultimately, all the parts and systems of the body are potential sexual organs in the context ...
