The process of withdrawing urine from the bladder is known as urinary CATHETERIZATION. Kegel KEAGEL exercises are a series of pelvic muscle exercises used to strengthen the muscles of the pelvic floor to control urinary stress incontinence.

Urinary System Practice Exam - testprepreview.com

The organ system that performs this function in humans—the urinary system—is the topic of this chapter. The organs of the urinary system are organs of excretion—they remove wastes and water from the body. Specifically, the urinary system “cleans the blood” of metabolic wastes, which are substances produced by the body that it cannot
