Key exam point: Most students in exam questions on protectionism focus their answers on import tariffs. The best students recognise that there are many types of trade restriction and they make a clear distinction between tariff and non-tariff barriers. There are many subtle forms of trade restriction, sometimes known as “hidden protectionism” and it is a good idea to have some recent ...

How to Write a Numerical Expression? - Definition & Examples

Fractional-reserve banking is the most common form of banking practised by commercial banks worldwide. It involves banks accepting deposits from customers and making loans to borrowers, while holding in reserve a fraction of the bank's deposit liabilities. Bank reserves are held as cash in the bank or as balances in the bank's account at the central bank. . The minimum amount that banks are ...
