list of numbers based on a rule. Since this activity is also meant to help set the expectation that students are responsible for creating mathematical objects, like lists of numbers, and making sense of activities (MP1), there is no need to identify any specific vocabulary such as sequence, term, or arithmetic at this time.

Discovering Algebra, Third Edition | Prek 12

Match each polynomial with its end behavior as  $x$  gets larger and larger in the positive and negative directions. (Note: Some of the answer choices are not used and some answer choices are used more than once.)

The primary goal of Business Algebra is to bring as  
simple, organized and straight-forward of an approach  
to business algebra as possible. Many students are  
somewhat mathemaphobic and are intimidated by  
mathematics textbooks. They typically don ' t have a  
great desire (or any at all) to read all the text of the  
sections in a mathematics book, but they desperately  
want to review
