Robert Shiller: is economics a science? | Business | The ...

Answers to questions concerning the macroeconomic mechanism of international economic relations ' realization, the functioning of modern monetary and financial institutions, international financial markets, the macroeconomic policy in an open international economic system are presented within the third part.

Chapter 8. Exercises 1-7. Principle of economics.

One problem with economics is that it is necessarily focused on policy, rather than discovery of fundamentals. Nobody really cares much about economic data except as a guide to policy: economic phenomena do not have the same intrinsic fascination for us as the internal resonances of the atom or the functioning...
