the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

ASME BPVC.II.B-2019 - Techstreet

ASME Section II consists of four parts, three of which contain material specifications and the fourth the properties of materials which are invoked for construction of items within the scope of the various sections of the ASME Boiler and Pressure Vessel Code and ASME B31, Code for Pressure Piping. Therefore, ASME Section II is considered a supplementary section of the code.
