When open the oil plug you can heard a bad noise, did anybody knows what that sounds means?? Is it bad or no???

GM Family 1 engine - Wikipedia
Failed inlet cam phaser. There was around 5 degrees of play and when timing was locked it was very off. Symptoms were, loud knocking on start up and shut down. And intermittent diesel engine noise ...

Z18XER Engine Oil? | Astra Owners Network
I have just replaced my engine timing belt on my 2008 holden astra z18xer , all appeared to go smoothly , replaced belt ,auto tensioer and idle . Refitted new parts .checked all timing marks , turned engine over three to four times , rechecked marks and tension . Started up motor and ran for about 15- 20 Mins .

Astra H z18xer bad noise
If you are planning to buy a Vauxhall / Opel Astra with the Z18XB engine, establish when the cambelt was last replaced. As for the newer 1.8L 140 PS Z18XER, the timing belt replacement interval is 100,000 miles or 10 years according to Vauxhall. This is quite optimistic, but I don't have any concrete evidence to contest this number.

Astra Z18xer Engine
The Opel Z18XER engine uses a cast grey iron block with five-bearings crankshaft and aluminum head with dual overhead camshafts (DOHC) and four valves per cylinder (16 valves in total). The engine is equipped with a sequential fuel injection system, double continuous variable cam phasing (DCVCP) and electronic ignition system.

Opel Z18XER (1.8 L, DOCH) engine specs, review, service data
The Family 1 is a straight-four piston engine that was developed by Opel, a former subsidiary of General Motors and now a subsidiary of PSA Group, to replace the Opel cam-in-head engines for use on mid-range cars from Opel/Vauxhall.Originally produced at the Aspern engine plant, production was moved to the Szentgotthard engine plant in Hungary with the introduction of the DOHC version.
