So my mate and I were pretty bored the other day and were looking through the Audi A3 manuals that are available through the stickies (thanks Welly). We were pretty interested into how to remove an airbag unit without it going off in your face ... Interesting thread this, but as I recall, replacing the airbag is a recommendation, not compulsory ...

Takata Airbag Recall | Owners | Audi Australia

You can replace the airbags yourself, not too hard. Good luck finding intact airbags at a u pull it like LKQ, but it can be done. Your clockspring MAY be broken, and you will also probably have to replace the airbag control unit. You're not supposed to use used airbags, but hey, your old airbags were "used" and worked just fine in the end.

Takata Recall | Audi USA

I have a faulty front airbag sensor on my 2004 Audi A3. I have sourced a 2nd hand replacement and thought I would replace this myself as it looks to be a simple job from looking at my Haynes manual. Typically this simple job has turned into a nightmare. The problem is the two socket head cap screws that hold the sensor in place are stuck solid.
