Authorama.com features  
a nice selection of free  
books written in HTML  
and XHTML, which  
basically means that  
they are in easily  
readable format. Most  
books here are featured

in English, but there are quite a few German language texts as well. Books are organized alphabetically by the author's last name. Authorama offers a good selection of free books from a variety of authors, both current and classic.

The API allows a third party solution to create new folders within the Interplay database.

Folders may be created singly, or by multiple paths. In both cases it is

# Acces PDF Avid Interplay Web Services Api Overview Guide

possible to specify nested paths for the folders which are to be created. Interplay Web Services will create automatically any intermediate level folders that are required.
