Volkswagen Polo Mk4 - Wikipedia

Hi, This seems to be the only place I can post as I am a new member so here goes: Polo 1.2 12V (AZQ engine) (Blue) with constant coolant level sensor light warning after key in ignition for ~20 secs. Eliminated all possible causes except instrument cluster (IC) itself and have 2nd identical model Polo (Purple) without this problem so decided to try the IC from that one.

Azq Engine

The Toyota AZ engine family is a straight-4 piston engine series. The AZ series uses an aluminium engine block with cast iron cylinder liners and aluminium DOHC cylinder heads. The engine series features many advanced technologies including slant- squish combustion chambers , offset cylinder and crank centers, and the VVT-i continuously variable intake valve timing system.
