Basic Economics: A Citizen's Guide to the Economy by ...

Economics is a study of consequences of various ways of allocating scarce resources which have alternative uses. It is not a study of our hopes and values. While scarcity is inherent, shortages are not. Scarcity simply means that there is not enough to satisfy everyone's desires. Right now that scarcity is money based on poor cash flow.

Basic Economics A Citizen's guide to the Economy By Thomas ...

There is an updated version of this book: Basic Economics: A Common Sense Guide to the Economy. BASIC ECONOMICS is the best book about economics that I have read, and is far superior to the textbooks that I had to read in college courses. All high school and college students should read this book in addition to other assigned reading.
