Japan - Japan - Religion: The indigenous religion of Japan, Shint?, coexists with various sects of Buddhism, Christianity, and some ancient shamanistic practices, as well as a number of "new religions" (shink? shuky?) that have emerged since the 19th century. Not one of the religions is dominant, and each is affected by the others. Thus, it is typical for one person or family to believe ...

Japan - Japan - History: It is not known when humans first settled on the Japanese archipelago. It was long believed that there was no Paleolithic occupation in Japan, but since World War II thousands of sites have been unearthed throughout the country, yielding a wide variety of Paleolithic tools. These include both core tools, made by chipping away the surface of a stone, and flake tools ...

Instead, I recommend Japanese Uncovered an online Japanese self-study course for beginners that teaches Japanese through the power of story. 3. Don't Sweat The Grammar, Just Get Started. Japanese grammar can feel very alien at first because of its structure, which is very different from what you're used to English.

Debating: A Brief Introduction for Beginners

By 1689, the majority of New Englanders thought of themselves as Protestants rather than Puritans, though many of them were just as sharply opposed to Catholicism. As the religious movement in America eventually fractured into many groups (such as Quakers, Baptists, Methodists, and more), Puritanism became more of an underlying philosophy than a religion.

When it comes to teaching abroad (or teaching in general), one of the most challenging parts of the job is creating and updating ESL lesson plans. Depending on your role, you may need to use dozens of lessons spread across multiple classes during the term - and sometimes there is just not enough gas left in the tank to come up with something new every time.
