Sprint CDMA Blackberry Curve 8530 (Black) ... The only thing I would improve would be a slightly more detailed instruction manual, but the one that comes with the phone is adequate for anyone familiar with computers. I highly recommend this phone, especially at the very reasonable price I got it at.

The Curve 8530 features BlackBerry OS 5.0, currently the only device on the Sprint lineup to do so. The 5.0 operating system isn't revolutionary, but offers nice many little improvements, such as wirelessly syncing of contacts with certain email providers, the ability to flag messages for follow up, better application permission management, and vastly improved ability to manage ringing profile settings.
