"The Bogleheads' Guide to Retirement Planning" stays true to the investing principles pioneered by Vanguard-founder Jack Bogle. However, unlike the first book, this book is focused on the various aspects of retirement planning. There is a lot more to retirement planning than 401(k)s and IRAs.

#### The Bogleheads' Guide to Retirement Planning by Taylor ...

But The Bogleheads' Guide to Retirement Planning is the first book I've read that's "all you need to know about planning for retirement." Note the distinction: This book is not about saving/investing for retirement. It's about planning for retirement (and everything that's a part of such planning). The best part about the book, in my opinion, is the breadth of topics covered.
