Douglas E. Richards is one of my favorite authors and one of the few I actually read "the old fashioned way" (on my Kindle :- ) because I can't wait for the audiobook to come out. I was nervous when I read the synopsis and saw that aliens were involved, as that type of sci-fi is my preferred genres.

I loved every page of this book and couldn't put it down. The action was fast paced and enthralling.

The characters were real and relatable (best of the best obviously but not over the top). The plot was

top notch and kept me completely engaged. Can't wait to read more from Douglas E. Richards.

BrainWeb (Nick Hall Book 2) Kindle Edition - amazon.com

A flurry of action follows, with Nick leading the way. But I won't spoil the book for you by telling you

more, except to say that the many adventures in BrainWeb are brilliantly created by the author.

I have given 5 stars to all the N.Y. Times best-seller techno-thrillers written by Douglass E. Richards.
