BRC Global Standards | Pest Control | Bird Control | Pest ...  
History of the BRC Global Standard for Food Safety with regard to pest control. The BRC Global Standard for Food Safety was first developed in 1998 by the food service industry to enable suppliers to be audited by third party Certification Bodies against a single consistent standard, reducing duplication of effort and enabling the retail industry to focus activities on areas of competitive advantage.

## BRC Pest Control

This information, in combination with available pest control methods, is used to manage pest damage by the most economic means, and with the least possible hazard to people, property, and the environment.
