Bandit Industries, Inc
Looking into two brush bandit model 100's. Both have a cummings diesel engine in them. They are a little older, early 90's it looks like. Both seam in good condition. They say they can chip 10 inches pretty successful. I would like a 12" but the 10 would work quit well as a good starter chipper for me.

Brush Bandit 200+ Chipper
Bandit ' sThe Model 90XP is a compact, easy-to-tow 9-inch capacity disc-style chipper. A 9 X 17 chipper opening allows the Model 90XP to process multiple stems as well as large diameter pieces up to 9 inches. This unit has been very popular among small tree services and Councils because of its manoeuvrability and low operating cost.

Bandit Tree Equipment
chipper: • Turn off chipper. Always turn off brush chipper, remove key from ignition, remove spark plug, and disconnect positive battery terminal from battery before working on the engine or brush chipper. • Replace guards/shields. Make sure all guards and shields are replaced after servicing the chipper. • Burns.
