Bsa M20 Change Valve - ibest9.com

BSA M20 ownership tips . 1. Use a "straight" 40w mineral oil, ideally something with low (or even no) detergent. 2. Change the oil every 1500 miles, or at least every year. 3. Exhaust valves will need lapping in every few thousand miles (not too difficult a job). Power will fall off slowly until it suddenly becomes difficult to start.
