Do the next "R"! Reduce, Reuse, Recycle, Rot (compost), and ReBuy (buy recycled). Postconsumer recycled material is derived from products that were purchased, used, and then recycled by a consumer. This recovered material (e.g. paper or plastic water bottles) becomes feedstock for new products.

Buy Recycled

Fabulous that this is 100% recycled and made using low carbon production methods. It's amazing quality too, as well as a good price. Recycled paper has come a long way; this stands up to double sided printing without any ink bleed through, and feeds well through my printer which with other paper can be sensitive and grasp too many sheets at once.

Recycled Paper: Amazon.co.uk

The federal government requires its purchasers to buy recycled paper. It also requires contractors who pay more than \$10,000 in a year for paper to buy recycled for the portion that is used to fulfill government contracts. Some state and local governments require their purchasers to buy only recycled paper.
