Pre-modern Chinese society was predominantly patriarchal and patrilineal from at least the 11th century BC onwards. There has long been a son preference in China, leading to high rates of female infanticide, as well as a strong tradition of restricting the freedom of movement of women, particularly upper-class women, manifested through the ...

Sexual identity is how one thinks of oneself in terms of to whom one is romantically or sexually attracted. Sexual identity may also refer to sexual orientation identity, which is when people identify or dis-identify with a sexual orientation or choose not to identify with a sexual orientation. Sexual identity and sexual behavior are closely related to sexual orientation, but they are ...

Sexual identity - Wikipedia

Sleep allows people to rest and re-energise for another day potentially filled with interactions and tasks. If someone is stressed it is extremely important for them to get enough sleep so that they can think clearly. [citation needed] However, chemical changes in the body caused by stress can make sleep a difficult thing.[citation needed] The body releases glucocorticoids in response to ...
