## Download Ebook Can I Replace The 2kd Engine For A 1kd

1. replace the sparkplug
2. replace your head gasket
3. check if your ignition timing is correct (timing in the distributor, camshaft, and crankshaft) if these does not solve your problem, try this:
  1. have your cylinder head checked for leaks/cracks
  2. replace your piston ringslastly, if all of these dont work, this is the solution (but quite pricey)
