Canon U.S.A., Inc. | PowerShot A95

Announced in August 2004, the PowerShot A95 replaces the hugely popular A80 at the top of Canon's entry-level range. Although it shares many features with the A80, the new model sports several significant improvements (including some also found on the A85), and in fact offers a feature set that compares well with considerably more expensive models, such as last year's PowerShot G5.

Amazon.com : Canon PowerShot A95 5MP Digital Camera with ...

Canon has found a formula for camera operation and control that works well, and the A95 offers no surprises. The control layout is almost identical to the PowerShot A80 it replaces, with the only significant difference being the new Print/Share button, which glows blue when a connection to a printer or computer has been made and allows 'one touch' image transfer or printing.
