2 Answers. There is no right or wrong solution in a case study. Its purpose is to teach you how to make a decision, mostly with unlimited information. Even the decision made by the organization from which the case represents could be a bad one. What counts the most is your rationale in making such decision.

Solution Manual for Cases in Finance 3rd Edition By DeMello

2. In order to shed some light on the firm's financial condition, which statements should Denny analyze and which measures/calculations should he use so as to compile a detailed report. Please explain why. Denny should refer to the income statement and the balance sheet over the past 3-5 year period.
