Cat 3126b Engine Problems

the 3116 and 3126 cats are ok but they have some serious drawbacks. First they are parent bore engines which makes them either not rebuildable or a huge pain if you can find a shop to do it. The second is they are unit injectors that are a pain to set timing and or diagnose an air leak if one comes up or change an injector.

Cat® 3126 Engine Overhaul Kits - 3126B - 3126E

CAT C7 ACERT Problems. With diesel engine technology there are two rating systems to determine the average life expectancy of the engine: B10 and B50. B10 is the average life expectancy of an engine measured in miles where 10% of the produced engines failed and needed a major overhaul. Consequently, B50 is the average miles where 50% of the ...

Caterpillar 3126 - Wikipedia

What year is the motor? They had some issues in the late 90's with soft blocks. We had that exact motor in our 99 Young Brothers for ten years and never had a problem. We sold it with almost 5 thousand hours on it, and it will go another 5 thousand. I've seen a boat get 14 thousand hours out of one in our marina. Just my input. Good luck

I have twin Cat 3126B's in my Eastbay 38. My mechanic tells me that there have been some catastrophic problems with the afterburners on these engines, and that CAT will not supply parts, but only the entire unit for some \$5 grand.

I have twin Cat 3126 B's in my Eastbay 38. My mechanic ...

The Caterpillar 3126 engine is a CAT engine that was used for light and medium duty uses. It was used in everything from boats, cranes, over the road trucks and ambulances to RVs and buses. It is based on an earlier design (3116), and when it was retired, the CAT C-7 was based on it and was it's replacement.
