### Ceed Engine

The Kia Ceed is a compact car produced by the South Korean manufacturer Kia Motors since 2006, exclusively for the European market. It was released in December 2006, superseding the Kia Spectra and is available as a three-door hatchback, a five-door hatchback and a five-door station wagon, with a choice of four engines, five trim levels and either manual or automatic transmission. The Cee'd is Kia's first European-designed and built car and Kia intends to sell and manufacture the car exclusively
