For a more detailed review of independent clauses, look back at Chapter 3: Putting Ideas into Your Own Words and Paragraphs. Option 1 By simply using a semicolon (;), you can make the ideas connect more than if you were to use a period. If you are trying to reinforce that connection, use a semicolon because it is not as strong of a pause as a ...

Chapter 4. The class File Format - Oracle

DBMS_CCRYPTO is intended to replace the DBMS_OBFUSCATION_TOOLKIT, providing greater ease of use and support for a range of algorithms to accommodate new and existing systems. Specifically, 3DES_2KEY and MD4 are provided for backward compatibility. It is not recommended that you use these algorithms because they do not provide the same level of security as provided by 3DES, AES, MD5, or SHA-1.
