To a city with one king
A city on our knees
A city on our knees
If you gotta start somewhere
why not here
If you gotta start sometime
why not now
If we gotta start somewhere
I say, "Here."
If we gotta start sometime
I say, "Now."
Through the fog
there is hope in the distance

Christian rapper tobyMac clarifies the personal intention behind his album "City on Our Knees," especially the title song. One has high expectations of the author's narration of his own work. However, as a musician he has seemed to rely too much on digital enhancement, and this is a problem in his reading, as well.
