Climate Migration and Security: Securitisation as a ...

The book examines the securitisation of climate migration in the context of climate change politics. It aims to grasp complexity in securitisation processes by engaging with diverging views on security or on security measures that can emerge in different contexts and/or in securitiser audience interactions.

Climate Migration And Security Securitisation

Climate Migration and Security is the first book of its kind to examine the strategic usage of security arguments on climate migration as a political tool in climate change politics. Original theoretical, empirical, and policy-related insights will provide students, scholars, and policy makers with the necessary tools to review the effectiveness of these framing strategies for the purpose of climate change diplomacy and delve into the wider implications of these framing strategies for the ...

Implications of the Securitisation of Migration

Securitization in international relations is the process of state actors transforming subjects into matters of "security": an extreme version of politicization that enables extraordinary means to be used in the name of security. Issues that become securitized do not necessarily represent issues that are essential to the objective survival of a state, but rather represent issues where someone ...
