The other day I started getting the little engine symbol lit up in orange. Today I am getting the message "Engine System Service Required". To top it off I am heading for Devon on Friday night. Can anyone recommend someone in the York area who can read the codes and fix the problem? Only noticeable problems I have seen is that for a few months now the engine power delivery has been hesitant at ...

Regular maintenance is absolutely imperative if you want a diesel engine to last, and every diesel owner will probably encounter some pitfalls and problems. Although diesel engines require no ignition tune-ups and tend to last longer without major repairs than gasoline engines, they do require regular low-cost maintenance, mostly in the form of frequent oil [...]

NEXTECH SYSTEM SERVICE - ??????? ?????? ???????
A malfunction indicator lamp (MIL), or check engine light, is a tell-tale that a computerized engine-management system uses to indicate a malfunction. Found on the instrument panel of most automobiles, it usually bears the legend check engine, service engine soon, maintenance required, or a pictogram of an engine—and when illuminated, it is typically an amber or red color.

cel - How serious is the Engine System Service Required ...
Hi, I have a V50 D5 and this has appeared on the dash this morning, Engine System Service Required with a fault code 019 when the trip reset is held in. I've tried reading up and it's either the DPF Eloy tank or the oil level high on the engine but I'm not sure which? Before I drain some oil out does anyone know for sure what it is? The oil is about at max so I'm swaying towards that ...

Servicengine Corporation - Empowered Mobility
- depolution system faulty and both engine management and SERVICE lights came on and I could not rev engine to more than 2k RPM. When I stopped and switched engine off, the automatic handbrake did not engage. It did engage manually after I turned the ignition on again (didn't switch the engine on).
