The Neolithic Revolution, or the (First) Agricultural Revolution, was the wide-scale transition of many human cultures during the Neolithic period from a lifestyle of hunting and gathering to one of agriculture and settlement, making an increasingly large population possible. These settled communities permitted humans to observe and experiment with plants, learning how they grew and developed.

At the beginning of the decade, the silhouette closely resembled that of the late 1780s. Gowns were still made as two-piece ensembles with an open robe over a petticoat and styles such as the redingote remained fashionable as did the fitted caraco (jacket bodice) and skirt (Figs. 1-3). New were the

The revolution also involves the young. On the right of Lady Liberty stands a young boy carrying a school satchel and two pistols in the air. He appears wild and emboldened with revolutionary fervor. As a romanticist Delacroix included this diverse group of people to create a sense of patriotic unity in the fight. The revolution was for ALL of
