Abstract. Objectives To provide an overview and tutorial of natural language processing (NLP) and modern NLP-system design.. **Target audience** This tutorial targets the medical informatics generalist who has limited acquaintance with the principles behind NLP and/or limited knowledge of the current state of the art.. **Scope** We describe the historical evolution of NLP, and summarize common NLP sub ...

Natural language processing: an introduction | Journal of ...

Biochar composition can be crudely divided into relatively recalcitrant C, labile or leachable C and ash. The greatest chemical difference between biochar and other organic matter is the much larger proportion of aromatic C and, specifically, the occurrence of fused aromatic C structures (), in contrast to other aromatic structures of soil organic matter such as lignin (Schmidt and Noack, 2000).
