Computer  
Network? -

*Lifewire*

*In computer networking, topology refers to the layout of connected devices. This article introduces the standard topologies of networking.*

# Read PDF Computer Networks WordPress

*Topology in  
Network Design.  
Think of a  
topology as a  
network's  
virtual shape or  
structure. This  
shape does not  
necessarily  
correspond to  
the actual  
physical layout  
of the devices  
on the network.*
