Climate Change Driving Farmer-Herder Conflict in Niger ...

Violent clashes between farmers and herders in Nigeria's Middle Belt in June reminded me of a smelting hot afternoon a year ago. I was sitting in my living room watching a herder grazing his cows in my yard in the small town in southwestern Cameroon where I live. My thoughts meandered from the negatives attributed to cattle [...]

Herder-farmer conflicts in Nigeria - Wikipedia

Propelled by desertification, insecurity and the loss of grazing land to expanding settlements, the southward migration of Nigeria's herders is causing violent competition over land with local farmers. To prevent the crisis from escalating, the government should strengthen security for herders and farmers, implement conflict resolution mechanisms and establish grazing reserves.
