Constructive Theology: A Contemporary Approach to Classic ...  
Constructive Theology is a field of Christian theological inquiry that explores traditional theological categories with attention to contemporary contexts and other areas of scholarship. Instead of developing a comprehensive theological system, constructive theologians often focus on one theological theme to articulate a theological perspective relevant to a particular context.

Constructive Theology: A Contemporary Approach to ...

Constructive theology is the redefinition or reconceptualization [citation needed] of what historically has been known as systematic theology. The reason for this reevaluation stems from the idea that, in systematic theology, the theologian attempts to develop a coherent theory running through the various doctrines within the tradition (Christology, eschatology, pneumatology, etc.).
